OPIMUM RETAIL OFFICE

Mr. CHAI, a TIENHSIN man, moved to SUI FEN HO about ten years ago and had since been operating a general merchandise store there, but on the 21st of November, 1933, he closed the store and newly established an opium retail office with a fund of 5,000 yuan in a partnership system and began to retail opium under the official license of the Opium Monopoly Bureau at HARBIN. The capitalists are four men, and the amount invested by each and their occupations are as follows:

<u>Name of Capitalist</u>	<u>Amount of Investment</u>	<u>Occupation</u>
CHAI	Yuan 2,000	Manager of opium retail office
CHAO IING-HSIHO	" 1,000	Council of the Municipal Govt.
PENG TZU-CHEN	" 1,000	Dentist
KAO LANG-HSUAN	" 1,000	Chairman of Agriculture Society

The organization of the body is as follows: Manager, one; Clerks, three; Reception members, eight--those who attend to opium smokers; searching party, two--a party who will find out any illicit opium dealer.

The material dealt in by this office is raw opium obtained by a clerk dispatched to HARBIN to purchase from the HARBIN Opium Monopoly Bureau. It is gathered from the planters in HU LIN, MI SHAN, TUAN SHAN TZU, TUNG NING and SUI FEN HO districts by members of the bureau. One hundred LIANG /T.N. 375 grammes/ of raw opium in weight is the average amount purchased by this shop per month.

The office opens at 8:00 AM and closes at 8:00 PM. When the office opens, opium smokers of all kinds of classes come in and borrow the aspirators furnished in the room and take the temporary pleasure lying on the beds. Customers average over one hundred daily. Heavy smokers consume a piece of 5 CHIAO in a day, while an average smoker consumes a piece of 3 CHIAO (enough for two smoking).

Those who hinder the business of the opium retail office are the illicit opium dealers, but not so much now as before. In order to protect the sales business, the Japanese Gendarmerie and the searching party of the office have been devoting to find out and punish such private dealers. Ten Korean opium dens, however, are tolerated by the authorities as they have no livelihood except their business in opium. Such being the case, the business of the office has been checked by them and a loss of about 80 yuan in November 1933, and about 20 yuan in December, was seen.
